BUILDING REGULATIONS COMPLIANCE

This is your Building Regulations Compliance Certificate:

It confirms the work detailed below has been carried out by a Gas Safe registered business and that the work:

- was carried out in accordance with the Gas Safety (Installation and Use) Regulations and Rules of Registration,

  and also;

- has been self-certified by the registered business as being compliant with Section 4 and 7 of the Building Regulations in England, Wales and the Isle of Man.

This certificate is a statement, but not conclusive evidence, that the requirements of the Building Regulations have been complied with and that the work has been carried out by tradespersons with appropriate qualifications and competence, covering all aspects of the work being certified by the business.

It is a legal requirement for anyone carrying out gas work on your behalf to be Gas Safe registered, please remember to check your engineer's licence card before you have any work carried out.
Receipt of this certificate confirms that notification has been made to the relevant local authority for you.
Further information relating to Building Regulation compliance can be found on our website at:
